Hyderabad, Telangana

Professional Summary

Frontend Developer with hands-on experience building responsive, high-performance web applications using React, JavaScript, TypeScript, and modern UI frameworks like MUI. Skilled in translating complex UX designs into interactive, scalable interfaces with a focus on performance optimization. Proven ability to collaborate in agile teams, integrate APIs, and deliver production-grade solutions.

Technical Skills

- **Frontend Technologies:** React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, MUI (Material UI)
- **State Management:** React Hooks, Context API
- **Tools & Platforms:** Git, VS Code, Chrome DevTools, Firebase, REST APIs, Version Control
- **Performance & Optimization:** Responsive Design, Accessibility Standards, Web Performance, Performance Debugging, Lighthouse Optimization
- **Development Practices:** Agile Development, Code Reviews, Unit Testing

Work Experience

- **PeopleLink Unified Communications Pvt. Ltd. → Instavc Technologies Pvt. Ltd.** Hyderabad, India
Associate Software Engineer *July 2023 – January 2026*
 - Developed and maintained scalable web applications for Inlynk, a Business Growth & Employee Management Platform using React, TypeScript, MUI, and Firebase.
 - Designed and implemented News Feed with social engagement features, post scheduling, and filtering for content from connections.
 - Built real-time Collaboration Tools including messaging, voice/video calls, chat filtering, mute, block/unblock, and broadcast functionality.
 - Created a Media Drive system with file management, folder structure, sharing, zipping, and white-label template creation.
 - Developed a Resource Library for sharing multimedia content such as videos, articles, podcasts across connected companies.
 - Implemented Certification Management, allowing creation of certificates, exams, learning resources, and progress tracking.
 - Integrated Social Media platforms to enable publishing Inlynk content to external platforms directly.
 - Built customizable Meetings & Webinar modules supporting recurring meetings, speaker management, polls, and surveys.
 - Developed Deal Registration, Business Prospects, and Contract Management features for lead tracking and secure document workflows.
 - Designed Dashboards with analytics for tracking users, connected companies, storage, device usage, and application engagement.
 - Implemented an Employee Management system for profile updates, role assignment, and streamlined administrative controls.
 - Led frontend performance optimization, achieving Lighthouse scores of 90+, enhancing speed and accessibility.
 - Integrated REST APIs and optimized state management for scalable, maintainable frontend solutions.
 - Ensured cross-browser compatibility and responsive design across all modules.
 - Mentored junior developers on React best practices and performance debugging.
 - Actively collaborated with UI/UX teams to translate complex designs into interactive, user-friendly interfaces.
 - Participated in code reviews and agile processes to maintain high development standards.
- **People Link Unified Communications Pvt. Ltd.** Hyderabad, India
Software Intern *July 2022 – June 2023*
 - Contributed to frontend development of Inlynk platform, building production-grade components using React, JavaScript, and MUI.
 - Assisted with state management, bug fixing, and UI enhancements to improve stability and usability.

Education

- **GLA University** Mathura, India
Bachelor of Technology – Computer Science & Engineering; CPI: 7.86 *Aug 2019 – May 2023*
- **Laxmi Public School** Mughalsarai, India
Intermediate (12th Grade); Percentage: 78.6% *2018*
- **Laxmi Public School** Mughalsarai, India
High School (10th Grade); Percentage: 76% *2016*

Additional Information

- **Career Preferences:** Open to relocation for suitable opportunities
- **Passion:** Building performant, user-centric web applications
- **Learning:** Actively improving knowledge of modern web technologies and best practices
- **Languages:** English, Hindi
